

# YPT Board

The YPT Board of Directors is a fun, active group of individuals dedicated to ensuring the organization has the financial resources, infrastructure and connections necessary to accomplish its mission. Our board celebrates and supports the work of our students at YPT performances, receptions and special events. Board members actively participate in strategic planning and are ambassadors for YPT both locally and nationally.

The full board meets approximately five times a year, with development, governance and executive committees pursuing initiatives between full meetings. Board meetings are treated as active, 90-minute work sessions, during which challenges and opportunities are discussed and directors collaborate to find solutions and strategies for success.

Ensuring time is well spent and clear actions are pursued is a high priority for the YPT board and staff. All members are expected to support the company's fundraising, attend at least one performance or program each year and make a personally significant financial contribution to the organization. Each director signs a personalized agreement at the top of the fiscal year, detailing their contributions and duties to the board.
